Helping people get around

Our services are provided by volunteers and so depend on their availability. Please call us before travel to discuss any passenger requirements weekdays from 9.00 am to noon. At other times we will ring you back if you leave a message.

Our friendly drivers will help passengers with boarding and loading of their belongings if requested. Passengers can hail the 511 bus anywhere it is safe to stop and request a short deviation from the route where necessary. Every morning we have a volunteer 'bus buddy' aboard to assist passengers and advise on transport connections and local activities.

Our vehicles have a wheelchair lift. Wheelchairs can be carried on the 511 service if the passenger can transfer to a bus seat and the chair stowed. Contacting us 24 hours in advance is able to ensure an appropriate vehicle is in service. Restricted-mobility passengers can also book in

advance their collection and return to home in the 511 service area. Our vehicles with DBS checked and MiDAS certified drivers are available for community group hire daytime and evenings and can take up to 16 passengers. A group can travel for shopping or social occasions at very competitive rates. Please call for information.

We always welcome new people to join our volunteers in a wide variety of driving and non-driving roles. Full training with MiDAS certification is given. We offer a sociable and convenient way to keep active, use life-experience and gain new skills in providing a better quality of life for everyone in the community. Only by people giving a few hours a month is it possible to provide this essential transport. Drivers need to be in good health and aged over 25 years old with a D1 and a clean licence. Please call us if you are interested.
